Expression of Interest (EOI)

No. BBJ/DGM(P-V)/SM-MEGHALAYA/EOI-01/2019 DATED 26.04.2019

- 1.0 The Braithwaite Burn And Jessop Construction Company Limited (BBJ)**, a premier Public Sector Enterprise of Govt. of India engaged in construction of major Civil and Structural Engineering work invites **Expression of Interest (EOI)** applications from agencies having proven experience and ability in the area of Smart meter and associated IT infrastructure

Name of Work – Expression of Interest For Empanelment of Technology and Manufacturing Partners with AMI Solution Integrators for Residential/Industrial Smart Meters of Electricity in the State of Meghalaya & Others.

Approx. Estimated Cost of Project- Rs.100 Crores.

Cost of Application Document: **Rs.10,000/-** (Rupees ten thousand only) by Demand Draft/ Banker's Cheque/ NEFT/ RTGS in favour of "THE BRAITHWAITE BURN AND JESSOP CONSTRUCTION COMPANY LIMITED" payable at Kolkata. MSME/ NSIC/ SSI units will be waived from submitting tender fee subject to submission of declaration of UDYOG AADHAR MEMORANDUM (UAM) number on CPPP.

2.0 Objective:

The Power industry has taken rapid strides in the past few years by traversing from manual meter reading to automated meter reading (AMR) and to smart metering, using bidirectional communication, thereby enabling greater benefits to electricity distribution companies (DISCOMs), customers and society and BECIL has suitably identified this technological advancement in the smart meter sector.

BBJ intends to enter into the business of Smart Metering and Advanced Metering and associated IT infrastructure. When there is any business opportunity with BBJ then it will be executed on competitive pricing with best quality products or products as desired by end customer. Any business opportunity generated by partners shall be executed with respective partner as per customer requirements.

To achieve the Government of India objective, BBJ would like to be part of the proposed projects of smart metering roll-out and technology advancements. Smart Metering and AMI solution offers profound benefits to all the stake holders and the deployment needs to be done in fast track mode.

BBJ wants to empanel the competent technology and manufacturing firms along with solution integrators, if any to meet following objectives;

- (a) BBJ could participate in tenders of smart metering for state Electricity Distribution Companies (DISCOMs) and EESL or any other nodal agency of smart metering in India
- (b) BBJ could approach EESL/ Nodal agency and DISCOMs/State Governments to take-up pilot or full project of smart metering roll-out on nomination basis.
- (c) In the event of any DISCOM/State Government intend to implement the smart metering projects on Build, Own, Operate and Transfer (BOOT) model, the Bidder shall have to fund, build, operate and manage the Smart Metering (AMI) Solution implementation in the project area for a defined project period and will monetize its investment on per month annuity basis.

Business Model

The business model is based on a Deferred Payment Model. Under the proposed Deferred Payment Model for Smart Metering (AMI) Solution rollout, Bidder will claim payment from DISCOMs broadly based on the following costs:

Bidder will be quoting an EMI which will include the CAPEX to be invested for Smart Metering (AMI) components, Software Charges, Meter Installation, etc. (Project CAPEX) and the OPEX expenditure which will include O&M / FMS Expenses, Cloud Hosting Charges, ATS/AMC and GPRS charges during project period.

3.0 Scope of Work:

Broad scope of EOI shall be-

1. Empanelment of firms working in technology and manufacturing of smart meters for residential and industrial market of electricity, water and gas supply.
2. Empaneled firms must be financially strong and should have working capital to support smart metering roll-out in India and technological advancements in the field of metrology, communication and associated software.
3. Empaneled firms shall be responsible for manufacturing, supply, installation, head-end integration, billing and building IT infrastructure, Cloud hosting for successful roll-out and working of smart metering.
4. Empaneled firms shall be responsible for field management and services.
5. Empaneled firms should have in-house NABL accredited lab or tie-up with NABL accredited lab and should have conformance to IS 16444 and IS15959 Part-2.

6. Packaging, Transportation and Warehousing in the client utility area will be the responsibility of the bidder. Manufacturing firms to submit a detailed logistics facility readiness with the EOI.
7. The manufacturer should have comprehensive quality assurance program at all stages of manufacturing for ensuring that products are reliable and trouble free.
8. Only those companies shall be empaneled as technological firms who have niche products and can support BBJ in taking-up innovation projects for pilot. Technical evaluation committee shall take decision on category of company based on documentation and demo of solution/product. Companies entitled for empanelment in technology innovation category may be given few exemptions in meeting financial qualification.

BBJ reserves the right to reject any or all bids or cancel / withdraw the Invitation for bids without assigning any reason whatsoever and in such case no bidder / intending bidder shall have any claim arising out of such action.

BBJ will not be responsible for any delay, loss or non-receipt of Tender document sent by Post/courier.

- 4.0** Interested parties shall have to submit necessary documents in support of complying the following eligibility criteria along with their application of Expression of Interest for aforesaid work.

Consortium up to two partners is allowed with only relevant solution/ service partner to provide the complete smart metering roll-out. Technology innovation, manufacturing firms and solution integrators may create consortium for bidding.

Eligibility Criteria:

Sl. No.	Qualification Criteria	Supporting Documents
	General Qualifying Criteria	
1	Bidder shall be a Company incorporated under the Companies Act 1956/ 2013. Bidder must be registered with appropriate authorities for all applicable statutory duties/taxes	Valid documentary proof of: i. Certificate of incorporation. ii. Certificate consequent to change of name, if applicable. GST Registration certificate

3	The Tenderer should have neither been boycotted nor blacklisted by any Government Institution/PSU for supplies	Submit an undertaking (on non-Judicial stamp paper of Rs.100/-, duly notarized)

	desired/intended in this EOI.	
--	-------------------------------	--

Technical Qualification Criteria		
1	The bidder(s) should be in the business of manufacturing of electricity/ water/ gas meters and should have state of the art facility in India. Should be in this business for at least 1 FY (2018-19).	Factory License Certificate/ MoA mentioning nature of Business/ MOU with contract manufacturer. Purchase orders / Framework agreements for this duration or other documents that prove to this aspect
2	The bidder(s) should have experience of manufacturing and supply minimum of 5,00,000 non-smart or have an order from any PSU/DISCOM for supply of 1,00,000 smart meters with communication modules (GPRS/ LTE/ RF Mesh/ LoRa WAN/ NBIOT in the last 3 FYs	Proof of Work Order and Performance Certificate / Completion Certificate to be submitted
3	The Bidder must give declaration that the HES and MDM used by the bidder is scalable to at least 5,00,000 consumers.	Self-Declaration
4	The bidder should have in-house developed HES and MDM software to integrate the smart meter and generate the billing or to integrate with existing billing software.	Documents to prove the same and Demonstration of Proof of concept deployed in any DISCOM in India.
5	The bidder must have meter manufacturing facility in India. International bidders must be able to set- up manufacturing in India within 3 months of empanelment	Proof of manufacturing in India for domestic bidders by self-declaration and Undertaking in case of International bidders
6	The bidder should have quality certifications for its manufacturing and services function. ISO 9001 and OHSAS18001	Copies of valid certificates
7	Bidder should have valid IS 16444 type test for their smart meter	NABL certificate or ILAC type test certificate for IS 16444
8	The meter must have a communication Module that has LoRaWAN & 3G/4G/NBIOT/WAVIoT with fall back on GPRS communication on the same smart meter.	Self-declaration and proof of technology to be submitted

Financial Qualification Criteria		
1	Minimum average annual turnover of previous three FYs for one of the bidder in consortium should be of INR 90 Crore and other consortium partner should have average annual turnover for previous three FYs of 50 Crore. Single bidders should have average annual turnover of 90 Crore in previous three FYs.	Copy of audited statement of account (PL account & balance Sheet) duly certified by CA along with CA certificate stating the turnover and net worth shall be submitted as proof.
2	Bidder/each bidder in consortium should have positive net worth	CA Certificate

OTHER TERMS & CONDITIONS:

1. Bid will not be accepted after the date and time fixed for receipt as is set in notification or subsequent extensions if any.
2. Relevant documents in proof should be enclosed wherever required.
3. Firm should have GST, Income Tax registrations, PAN, EPF, ESI registration (furnish proof).
4. Firm should submit Income Tax returns submitted for Last three years.
5. BBJ has sole right to accept or reject any bids. If required BBJ may reject all bids received without assigning any reason.
6. In case of dispute in the MOU/agreement, decision of MD, BBJ will be binding on both parties.
7. The detailed bid must be submitted directly in the address mentioned.
